Dear Parents,

Greetings!

We are happy to inform you that Delhi Public School Gurugram 67A has collaborated with **Educational Initiatives**, an EdTech company that leverages the twin levers of cutting-edge research and technology-based solutions approach to revolutionize how children engaged in the K-12 education space learn.

Educational Initiatives (EI) have been partnered with **CBSE** in exam reform. CBSE along with Educational Initiatives (EI) has prepared a document on Essential Concepts that lists all the core concepts in English, Mathematics and EVS/Science for grades I to X.

The impact on education in the Covid year has widened learning gaps in children and it has caused worry in a lot of parents. For any parent, the most important and immediate questions would have been:

- ❖ *How well is my child learning?*
- ❖ *How can we identify and bridge the learning gaps?*
- ❖ *How can we clear their misconceptions on various topics?*

By partnering with Educational Initiatives, we believe that all children deserve to grow to their full potential, despite the disrupted school year and are happy to offer a solution in the form of ASSET.

ASSET is a skill-based test which offers

- Diagnosis of misconceptions
- Personalized feedback on focus areas
- Actionable insights through easy-to-understand reports

- Benchmarking of performance of students at the international, national and regional level
- Recognition of your child's achievements through awards and certificates
- Opportunity for the gifted students to participate in ASSET Talent Search

Therefore, Delhi Public School Gurugram, 67A is offering the ASSET diagnostic assessment complimentary to the foundational year batch(2023-24) students.
