Dear Parents,

Greetings!

We are pleased to inform you that Delhi Public School Gurugram 67A has chosen “**HealthSetGo**” as a health partner. As India’s leading health partner for schools, HealthSetGo is here to help you on your parenting journey.

The mission of HealthSetGo is to empower children and parents to lead healthy and happy lives by providing them with the tools and resources they need to make informed decisions.

They do a comprehensive Health Assessment that will give you, the parent, a complete picture of your ward’s health, from physical to mental well-being.

There was a health assessment conducted in our school by HealthSetGo on 24th July 2023, Monday for each student. The health report of each student will give you all the information you need to make informed decisions about your ward’s health.

The report will be sent to the parent in due course by HealthSetGo. In the meantime, you may also take a look at their website
