

CIRCULAR

Grade: VI-VIII

DPSG67/CIR/0062/2023-24

Date: 25th September 2023

Dear Parents,

Greetings!

As you are aware the National Education Policy was released in 2020. The NEP focuses on using 21st-century teaching practices and technology with an emphasis on conceptual learning to make our students independent learners and critical thinkers.

Delhi Public School 67A, Gurugram is committed to making this vision come alive.

Given this, we are excited to announce that we are partnering with **AcadAlly**, an ed-tech platform, to leverage technology and artificial intelligence to enhance the learning experience of our students in Math and Science.

AcadAlly's objective is to enhance every student's performance by integrating the trinity of pedagogy, curriculum, and technology. The AcadAlly program follows an innovative pedagogical framework which is designed to identify learning gaps in students, deepen conceptual understanding and constantly check their progress. AcadAlly will empower our teachers to provide our students with personalized learning paths that meet their unique needs and create a more dynamic learning environment.

More details about AcadAlly are given at www.acadally.com.

The program will be implemented in the following way:

- a. Students will be asked to download the AcadAlly app and log in after the mid-term exams i.e. 27th Sept. The username and password for your ward will be shared with you through email and SMS.
- b. AcadAlly supports a student's learning journey by monitoring their performance through solving practice exercises, quizzes or chapter tests. Our system automatically analyzes the learner's mistakes and generates recommendations for videos and other helpful resources.
- c. On the other hand, teachers will use the reports generated by AcadAlly to understand how they can support learning in the class and continuously monitor

performance. You will be happy that our teachers have undergone rigorous training to use this technology to provide the best learning experiences.

- d. Your ward will use the AcadAlly app for approximately 15-20 minutes each day. We request you to supervise this study so that your child completes the assignments on time.

As a school, Delhi Public School 67A, Gurugram is committed to ensuring that technology is used responsibly and safely. Our partnership with AcadAlly includes rigorous security and privacy protocols that are designed to protect our students' personal information and ensure that their online activities are safe and secure.

We are excited to embark on this journey and believe this partnership will greatly benefit our students. We look forward to your enthusiastic support to make this program a success. If you have any queries, please get in touch with the class teacher.

Thank you.

Warm Regards,
Sangeeta Dhamija
Principal
