

CIRCULAR

Grades: PN-VIII

DPSG67/CIR/0031/2024-25

Date: 16th August 2024

Dear Parents,

Greetings!

We are pleased to inform you that DPS 67A has partnered with [Health Set Go](#) as our official health partner. Their assessments are aligned with the guidelines established by respected organisations such as the CBSE, WHO, the Indian Academy of Pediatrics, and the Government of India.

The Health Set Go team will be visiting our school on the 22nd and 23rd of August 2024 (Thursday and Friday) for the Annual Health Assessment of our students. This comprehensive assessment will cover over 70 parameters, including physical, growth, ENT, dental, and eye evaluations, conducted by a team of qualified doctors.

After the assessment, parents can access their ward's personalised report through the [MyHealth application \(IOS and Android\)](#) using the log in details mentioned below. Within 24 hours of the assessment, you will receive a detailed digital report that not only identifies any areas of concern but also provides personalised health recommendations. To access the health report:

- Visit school.healthsetgo.com/login
- Enter your User Name: dps.gurugram67@healthsetgo.com and Password: **Health1**.

Additionally, MyHealth offers a secure repository where you can access your ward's complete health history anytime, anywhere. The app also provides exclusive health and wellness offers from top medical providers in your city, as well as insightful blogs, activities, and nutritious recipes to support your child's overall well-being.

Our in-house medical officer will also be present during the assessments to provide any necessary information regarding your ward.

We kindly request that all students be present on the specified dates to ensure they do not miss this important assessment.

Warm Regards,
Sangeeta Dhamija
Principal
