Date: 7th April 2024

Dear Parents,

Greetings of the day!

We are excited to announce that DPS 67A will be celebrating its **Foundation Day on 10th April 2024, Wednesday** with great fervor and enthusiasm. As part of our commitment to environmental sustainability and our association with Sadhguru's Save Soil mission, we are organizing a special plantation drive on this occasion.

The significance of the plantation drive cannot be emphasized enough. It serves as a vital step towards preserving our environment and ensuring a greener future for our children. Through tree planting, we contribute to the restoration of ecological balance, reduction of air pollution, and enhancement of biodiversity.

We invite all our students to actively participate in this initiative by bringing saplings to school on Foundation Day (10th April 2024, Wednesday) . Each sapling should be properly **labeled with the student's name and class**. This allows them to take ownership of their plant and nurture it throughout the year, fostering a sense of responsibility towards nature. Please note that the participation is completely voluntary.

We believe that involving our students in such activities not only educates them about the importance of environmental conservation but also empowers them to become proactive stewards of our planet.

We encourage all parents to support their children in this endeavor by ensuring their active participation in the plantation drive. Together, let's take a step towards a sustainable future for our coming generations.

Warm Regards
Sangeeta Dhamija
Principal
