

## CIRCULAR

Grades: VI-VIII

DPSG67/CIR/0029/2024-25

Date: 9<sup>th</sup> August 2024

Dear Parents,

Greetings!

We are excited to inform you about a new educational initiative designed to enrich our students' learning experiences. DPS 67A is collaborating with the global platform "UpSchool" to offer a comprehensive course on the **United Nations Sustainable Development Goals (SDGs)**. This programme aims to provide our students with a deeper understanding of global issues and the skills needed to contribute to a sustainable future.

Upschool SDG challenges can be seamlessly integrated into your school curriculum. These challenges are designed to align with the United Nations' 17 Sustainable Development Goals, offering a comprehensive program that deepens students' understanding of crucial topics like poverty, climate change, and more. These challenges are not just educational but are crafted to encourage real-world application and impactful learning experiences.

Key Highlights of the SDG Challenges:

- Interactive Learning:** Each challenge engages children in activities that promote critical thinking, problem-solving, and effective communication. Students will gain a practical understanding of each SDG through hands-on tasks and reflective practices.
- Global Communication:** A unique aspect of our program is the opportunity for students to communicate directly with some of the world's most influential leaders. This interaction enhances their learning and empowers them to contribute to global dialogues actively.
- Digital Resume:** As participants progress through the challenges, they document their journey in a digital resume. This serves as a record of their achievements and a platform to express their personal growth and insights.
- Certification:** Upon completing the challenges, students will receive certificates for each SDG, acknowledging their understanding and contributions towards these global goals.

To facilitate this programme, we request parents to provide the Gmail ID of their wards. This email ID will be used for course registration and communication. For ease of identification by teachers, the Gmail ID should include the student's first and last name.

**DELHI PUBLIC SCHOOL**  
Gurugram | Sector 67A  
Nurturing the Whole Child

*Example: If the student's name is John Doe, the Gmail ID should be johndoe@gmail.com.*

Please submit your ward's Gmail ID to their class teacher by 10-09-2024 by the following link.

Kindly fill in the information in the link given below

**[SDG Programme](#)**

We believe this programme will be a valuable addition to our students' educational journey, helping them become more informed and responsible global citizens. We appreciate your cooperation and support in making this initiative a success.

Warm Regards  
Sangeeta Dhamija  
Principal
