

CIRCULAR

Grade: V-VIII

DPSG67/CIR/0020/2023-24

Date: 20th May 2024

Dear Parents,

Greetings!

In the ever-evolving world, it is essential to empower our students with the tools needed for success. Our school management always remains proactive in providing the best learning opportunities beyond academics to our students for their holistic development and success.

We are happy to share with you that our school is embarking on a new journey by introducing **STARTUPYOU**, a life entrepreneurship program for our students to foster creativity, critical thinking, and real-world 21st-century skills. We also wish to see our students participating and winning SHARK TANKS and other international hackathons, championing the Startup world, and becoming change-makers and responsible global leaders.

StartupYou program will provide unique opportunities for our students to explore their innovative potential, develop problem-solving skills and cultivate an entrepreneurial mindset. Through hands-on activities, corporate mentorship and collaborative projects, this program aims to instill the confidence and resilience needed to navigate future challenges.

We believe this initiative will enrich your child's academic experience and prepare them for the dynamic demands of the modern workforce. Your support is invaluable, and we look forward to witnessing the growth and achievements resulting from this exciting association with StartupYou.

You are requested to fill out the registration form (link below) to enroll your ward.
